

**MEMORANDUM OF UNDERSTANDING  
TO ENHANCE RESEARCH AND ACADEMIC COOPERATION  
BETWEEN THE FREIBURG UNIVERSITY OF EDUCATION - GERMANY  
AND  
LISBON SCHOOL OF MEDICINE FROM THE UNIVERSITY OF LISBON**

1. This Memorandum of Understanding has been made and agreed by the **Freiburg University of Education (PH Freiburg), Germany**, and **Lisbon School of Medicine from the University of Lisbon**, according to their bilateral interests in teaching, research and studies, and as a contribution to an increasing international cooperation between them in the context of the HEalthy LIifestyles & HEalth LIteracy Chair Academy (HeLiCA) program.
2. The objective of this Memorandum of Understanding is to establish a framework within which co-operation may develop between both institutions. This will occur within the context of the regulations and policies established by each of them and subject to the availability of resources, considering the following aspects:
  - Exchange of students, either for a semester exchange or for short time student visits to the respective partner university, the aim of those being to confront students from both universities with different cultures, and to exchange experiences on the local situation of educational institutions (schools etc.).
  - Exchange of academic staff.
  - Exchange of publications, academic material and other information.
  - Joint quality assurance.
  - Exchange of information related to both partner organisations, their structure and working activities as well as the development of programs.
3. Terms and conditions for a specific program or activity being held under this Memorandum of Understanding, and the financial conditions to facilitate them, will be arranged mutually by both entities before the beginning of either a program or an activity. Such specific agreement(s) signed by the respective authorities from each party, will be added as constitutive document(s) that will be incorporated as (an) annex(es) of this Memorandum of Understanding according to the needs of the cooperation in latter stages of development.
4. Both parties will designate (a) responsible person(s) in charge of the cooperation. For PH Freiburg this will be Prof. Dr. Ulrich Druwe, Rector, Prof. Dr. Uwe

Bittlingmayer, Faculty Dean, and Prof. Dr. Luis Saboga-Nunes, HeLiCa Program Director. For Lisbon School of Medicine from the University of Lisbon, Professor Doutor António Vaz Carneiro, will be responsible for the coordination of the project.

5. This Memorandum of Understanding shall be effective starting from the date of the last signature of the authorised signatories and shall continue for a period of three (3) years.
6. This Bilateral Agreement may be renewed or extended under the mutual acceptance of both parties. Once signed, such modifications will be a part of this Memorandum of Understanding.
7. This Bilateral Agreement may be terminated by either party by giving written notice to the other party in a period of sixty (60) days. A termination of the agreement will not affect persons who have already begun an exchange under its provisions.

Attesting to the agreement, the parties, acting through their duly authorized representatives, have given rise to this agreement to be signed in their names in two originals.
